

SYAMA K NAIR

Python Django Developer

syamakarthik@gmail.com | 00968-91204007 | <http://www.linkedin.com/in/syamaknair1687>

🌐 Portfolio: <https://syamapradeep16.github.io/Portfolio>

Professional Summary

Illinois Tech Certified Python & Django Developer with an M. Tech in Embedded Systems and a strong foundation in Full-stack web applications and hardware architecture. Proven expertise in building dynamic web platforms using Django, HTML5, CSS3, Bootstrap, and managing databases like MySQL and SQLite3. Skilled in developing RESTful APIs using the Django REST Framework and integrating AI-driven predictive models. An initiative-taker blending a robust engineering background (FPGA design, Verilog/VHDL) with modern software engineering practices to deliver scalable, high-performance applications.

Technical Skills

- **Programming:** Python, Verilog, VHDL
- **Database:** SQLite3, MySQL
- **Core concepts:** MVC architecture, Django REST Framework, RESTful APIs, AWS
- **Web development:** Django, HTML5, CSS3, Bootstrap, and JavaScript
- **Tools and platforms:** GitHub, Python Anywhere, VS Code, Xilinx ISE
- **Embedded and FPGA:** VHDL, Verilog, FPGA simulation

Experiences

- **Assistant Professor in Dept. of ECE** | St. Thomas College of Engineering & Technology - Alappuzha, Kerala | 3 Years
Worked as an Assistant Professor in Electronics & Communication Engineering.
Facilitated engaging lectures and discussions to enhance student learning.
Mentored students in research projects and academic development.
- **Part-Time Project Trainee** | Audrey Technologies - Ernakulum
Done Image Processing projects based on an FPGA (Field Programmable Gate Array) Processor.
FPGA simulation is done on the Xilinx ISE design suite platform with Verilog coding methods.

Academic Qualifications

- **Certificate of Technical Studies:** AI-Driven Python Programming
Entri Elevate | Ernakulam
- **Train The Trainee(TTT)-All India Council for Robotics & Automation(AICRA):** Robotics Instructor Course
Abira World | Delhi
- **M.Tech:** Embedded Systems
Sree Buddha College of Engineering | Alappuzha | 07/2016
- **B. Tech:** Electronics & Communication Engineering
Vidya Academy of Science and Technology | Thrissur | 07/2009

Core Competencies

- Python Django Development and Automation
- Artificial Intelligence and Internet of Things(IoT)
- Robotics and Embedded AI
- VLSI design
- Digital electronics
- Microcontroller and Sensor Integrations

Projects

- **Personal Portfolio Website** - Designed and developed a fully responsive personal portfolio website using HTML5, CSS3 and JavaScript. Features dark/light mode, typing animation, animated skill bars, scroll reveal and mobile-responsive hamburger navigation. Deployed live via GitHub Pages. Live: <https://syamapradeep16.github.io/Portfolio>
Code: <https://github.com/syamapradeep16/Portfolio>
- **EduZphere Learning Management System** - Developed and deployed a full-stack LMS web application using Django framework using Python, HTML, CSS, Bootstrap, SQLite, Python Anywhere.
Code: <https://github.com/syamapradeep16/Main-Project-EduZphere-LMS.git>
- **AI Boot Camp Project** – Build an AI Predictive Model using Python- Land Prices Prediction Project
- **Python SQLite Project** – Inventory Management System using Role-based CRUD operations
- **M.Tech Thesis** - An Embedded Architecture for Feature Detection Using Modified SIFT Description Algorithm - Based on FPGA Platform
- **B. Tech Main project**- Automated power management system for industrial purposes
- **B. Tech Mini project**- Automatic water level controller using PCB

Achievement

- Achieved Hacker Earth Novice and Amateur badges for python programming solutions.
- GATE scorer in Electronics and Communication Engineering 2014 exam.
- Secured 4th rank in M. Tech (2014-2016) for Embedded Systems from the University of Kerala.

Certifications

- **Python Programming Certified User** – Illinois Institute of Technology
Rigorous credential verifying proficiency in Python programming, Django Web Framework, Django REST Framework for APIs, MySQL and AWS.
- Certificate of Completion of Program in **AI Driven Python Programming** on Entri.app.
- Certificate of Completion of **Python Programming** Course with Grade A+ from National Skill Development Corporation (NSDC-Skill India) on behalf of Entri Software Private Limited.
- Certificate of Completion of **AI Boot Camp** conducted by UPCODE Software Labs in the UAE
- Certificate of Completion of '**Introduction to Research Course**' conducted by NPTEL(IITM).

Publications

- “Modified SIFT for Image Feature Detection”, Syama K Nair, Ragimol, International Journal of Science and Research, Volume 5, Issue 7, July 16
